Only a few hours is left for Irom Sharmila to break her 16 year long fast demanding immediate repeal of AFSPA (/taxonomy/term/1620).

All eyes are fixed on Tuesday morning when the record holder fasting protestor would end her fast at the local court premises in Imphal

(/taxonomy/term/72).

Immediately after breaking her fast she would appear before the court which is expected to release her from judicial custody.

This would be followed by her meeting with the activists of the Sharmila Kunba Lup in the afternoon.

In all probability she might be kept in a local hospital for a liquid diet for the next couple of days.
