The book '*Kéerook and Other Stories from North East India*' is a collection of ten fictional short stories based on lives and livelihoods of the people living in the region and written by Group Captain Mohonto Panging was released by retired air marshal Anjan Kumar Gogoi at a recent function in Guwahati.

The stories narrate tales about the unique way of life, customs and traditions of people inhabiting an area with similar terrain, weather, flora and fauna called North East India. Three stories Indi-Chini Bhai Bhai, Odyssey to Thoubal and Exodus to the North East are based on recent geo-political events related to people from North East India vis-à-vis mainland India. These are of special relevance due to the increase in anti-north east [racial](#) incidents in few mainland cities. The stories in the book go a long way in helping understanding the ethos of North East India. A 'Should Read' for a fine perspective on North East India.
