In a recent survey conducted on the favorites destination to study in [India](#), Bengaluru emerged on the top followed by Pune, Delhi-NCR and others. There are several factors that contribute to this.

Some of the main reasons are- Bengaluru being the silicon valley of [India](#) and has the maximum concentration of startups, most of which have an international footprint; some of the best universities are housed out of Bengaluru; Bengaluru as a city attracts a large migrant population due to its favorable climatic conditions and the quality of living.

Several top Universities visit north [east](#) to admit bright students. Students can now apply and attend the admission process in Guwahati, Assam for some of the top universities in Bengaluru.

Alliance University BTech Admission 2018 — Alliance University has published notification for eligible candidates for admission into Engineering programs i.e., B.[Tech](#) for the academic year 2018-2019 through Entrance Test. Candidates can fill their Application form official website ( [apply.alliance.edu.in](http://apply.alliance.edu.in) ) or Guwahati office Orchid [Education](#) Foundation, 3F [Red](#) Stone, Above ASG [Eye](#) Hospital, Down Town, Guwahati ( Phone no. 0361-2131143; 9085064444 / 9085065555 ) for offline application on or before the last date 7th June 2018. Candidates are selected on the basis of marks obtained in examination and strictly on merit basis. Alliance College of Engineering and [Design](#) currently offers seven, full-time (four year duration) BTech degree courses at the

undergraduate [level](#). These programmes are – BTech in Civil Engineering, BTech in Mechanical Engineering, BTech in Electrical and Electronics Engineering, BTech in Electronics and Communication Engineering, BTech in Aerospace Engineering, BTech in [Computer Science and Engineering](#) and BTech in Information [Technology](#). The undergraduate courses at the Alliance College of Engineering and [Design](#) are such that they offer students a Bachelor of [Technology](#) degree in their chosen discipline of [engineering](#) alongside minor specializations. Programmes on offer at Alliance College of [Engineering](#) and [Design](#) are such that they offer industry-driven internships and project work to students coupled with incubation for cutting-edge research and development as well as learning outcomes aligned with the criteria outlined by the Accreditation Board for Engineering and [Technology](#) (ABET), USA.
