Eye check-up camp concludes at press club

AT News · 21:32, 5 Jul 2016 · 7561 views · 2 min read

Most of the media persons based in the city ([/taxonomy/term/1957](#)) are facing different eye problems like redness, dryness and regular watering, which came to light in a daylong check-up camp held at Guwahati Press Club on Tuesday (5 July [/taxonomy/term/1961](#)) 2016 ([/taxonomy/term/1961](#)).

Organized by the ASG Eye ([/taxonomy/term/1949](#)) Care the free eye ([/taxonomy/term/1949](#)) check-up camp was attended by over ([/taxonomy/term/2166](#)) 70 media persons along with their close relatives. Staffs from ASG Eye ([/taxonomy/term/1949](#)) Care, a unit of ASG Hospitals Pvt Ltd, Madhusudan Banerjee, Jyotishman Borah, Mohit Sharma conducted the camp.

During the camp, it was found (/taxonomy/term/1802) that the journalists work outdoor regularly face the problem of allergic eyes. They mostly face redness and watering of eyes. On the other hand, the indoor media persons working in computers for longer period face the problem of redness and even dryness.

The experts advised the participants who work outdoor to use ultra-violet protective sunglasses compulsorily and the indoor workers (/taxonomy/term/2406) to use the anti reflection coated glasses to get rid of hazardous computer radiation.

It may be mentioned that the ASG Eye (/taxonomy/term/1949) Hospitals is a chain of super- specialty eye (/taxonomy/term/1949) hospitals serving in 15 cities of the country. It was started by eye (/taxonomy/term/1949) experts from New Delhi (/taxonomy/term/1868) based AIIMS and has its expansion in northern and eastern India (/taxonomy/term/2367). The chain of hospitals has successfully treated over (/taxonomy/term/2166) seven lakh patients with latest technology available in the country.
