The fears of kala azars that gripped the people across the state have been allayed by the Guwhati Medical College Hospital authorities on Thursday. According to information, the confirmation was followed by the report of tests conducted on eleven people which have proved negative. These people have been rushed to the Guwhati Medical College Hospital very recently. The doctors feared it to be the case of kala azars in view of the symptoms which have clear resemblance to this fatal disease. These people who have been rushed to the hospital including two children from Panikhaity area in the outskirts of the city. All but a woman patient have fled from the hospital while they were undergoing treatment at the GMCH. The hospital authorities have already lodged a complaint with the police citing their names and addresses.
