BJP leader Smriti Irani has alleged failure of the Congress governments' failure on the law and order front in the North East. Addressing the media in Itanagar on Tuesday she said scams, poor infrastructure and food crisis are the common tags for all Congress-ruled states in the country. She said she was working to bring more women leaders from the North East in electoral politics.

She said the BJP Mahila Morcha in its national executive meeting at Mumbai on September 29 and 30 next would hopefully elect two national executive members from Arunachal Pradesh.
