Mild tremor jolts Assam

AT News · 21:09, 4 Mar 2017 · 9577 views · 1 min read

The tremor (/taxonomy/term/2239) was felt at around (/taxonomy/term/1898) 7 (/taxonomy/term/1898).41 in the morning just after the people got up from the bed. Many people in the high rise structure in the city (/taxonomy/term/1957) of Guwahati started coming down to the open space fearing massive jolt. There is,however, no report of casualty or damage from any part of the state (/taxonomy/term/2332).
