

Modar flower

Comments 1

editor 27 February 2008 189012 views

A bird relishing a last winter afternoon with taste of Modar flower's nectar at Guwahati on 27-02-08. As the winter going, Modar blooms here and there with beauty of attractive red, that brings the intimation of season of hue spring (locally called Fagun Mah). Spring has different meaning to nature as well as to human being, it brings hint of colour, hint of beginning after ending the bare winter. In this season Holy, the festival of colour also celebrated through out the country.
