## Normalcy back to BTAD areas, Dhubri

[editor](#) · 04:22, 11 Aug 2012 · 8651 views · 1 min read

Life in BTAD areas and Dhubri is limping back to normal. There was no report of any fresh incident from Kokrajhar, Chirang and Dhubri districts during the last 24 hours. But night curfew would continue. A CBI team on Friday visited Kokrajhar to gather inputs on the ethnic clashes that took 77 lives. Headed by a special director K Saleem Ali and Deputy Inspector General Satish Golcha the team gathered inputs on the main reasons behind these incidents.

They further would try to ascertain the possible angle of their investigation. The team straightly left for Joypur village where four Bodo youths were lynched spreading the violence to other places. This was followed by their visit to Ranighuli where three people were killed in militant firing. Then they rushed to Magurimari and Karaigaon.
