After a brief lull, poaching starts riddling Kaziranga ([/taxonomy/term/122](#)) again. Poachers killed a rhino and took away the horn from the national park on Wednesday hours after Pramila ([/taxonomy/term/1773](#)) Rani Brahma got tougher with the officials.

The incident took place at the Agoratoli range of the world heritage site in the wee hours where the forest guards ([/taxonomy/term/2185](#)) got to hear the sound of gun firing near the Demow camp. They rushed to the spot and spotted the dehorned carcass of the animal ([/taxonomy/term/2081](#)).

Forest minister Pramila (/taxonomy/term/1773) Rani Brahma visited the park and pledged to stop (/taxonomy/term/2235) the rhino poaching incidents and indicated a probe into the allegations of missing horns of rhinos who died natural death.

This is the first rhino poaching after the change of guards (/taxonomy/term/2185) in Dispur. The erstwhile Tarun Gogoi (/taxonomy/term/2150) government faced no less ire for the unstoppable rhino poaching cases. Despite the round-the-clock vigil, poaching refused to halt in the national party forcing the Chief Minister to change the minister apart from handing over (/taxonomy/term/2166) a few such cases to CBI.
