Amid an eerie silence over [\(/taxonomy/term/2166\)](#) the recent orgy of Churachandpur [\(/taxonomy/term/2360\)](#) violence the Amnesty [\(/taxonomy/term/1698\)](#) International India has asked the Manipur [\(/taxonomy/term/64\)](#) government to respect human rights [\(/taxonomy/term/1990\)](#).

The rights [\(/taxonomy/term/1990\)](#) body further asked the government to carry out an independent probe into the allegations of human rights [\(/taxonomy/term/1990\)](#) violations in the past few months. The excessive use of police force should also be brought under the probe.

The rights [\(/taxonomy/term/1990\)](#) body observed that the government should ensure that they respect the right to freedom of expression and peaceful protest while maintaining public order and safety.
