Within a brief spell of one month the killer spiders have reached Guwahati. One person has been injured when two venomous spiders attacked him on Monday night. The incident of spider attack took place in Gootanagar area near Maligaon in Guwahati. According to the injured person, two big spiders were spotted in the evening and attacked him before trying to escape. Later, he was rushed to the hospital. Notably, spider terror initially struck at Sadiya where one person died and ten others are undergoing treatment after they were attacked.
