In a bid to make its presence felt, the United Liberation Front of Asom's anti-talk faction made a grenade attack at the Tihu police station on Friday. The incident took place in the evening where is hardly any report of casualty. The insurgent outfit later owned up the responsibility after police arrested a youth in this connection. ULFA's Barua faction publicity wing manager Arunodoy Dohotia said the youth arrested in this connection has no link with them and that they would continue an orgy of attack.
